NOUGAT AND SWEETS

DANIEL SIRVENT

SINCE 1944

HISTORY

In 1944 the Sirvent family settled in Vic, Catalonia. There they started their own business after years of learning the trade of torrонер (nougat-maker) in their native town, Xixona (Alacant), the cradle of the nougat making process.

Since then, they make nougats taking care of the whole process. They select the best almonds and the best honeys, obtained from local and nearby producers that offer the maximum guarantees. This relationship has grown though the years and insures the best possible ingredients for producing their nougat. Its a standard that has set them apart from the rest.

**NATURAL AND
HANDMADE
INGREDIENTS**

ALACANT NOUGAT

SUPREME QUALITY

PAIRING TIPS

Our nougats pair perfectly with a glass of a good sparkling wine, with a digestive liqueur or a sweet wine. Also perfect for presenting with coffee or at tea time. It is an exquisite between-meals snack.

PROPERTIES

In a nutshell, the nougat is a high energy food because it is rich in monounsaturated fats. It contains a proportion of high biological value proteins, soluble fiber, calcium, magnesium and vitamin E.
