MORE THAN 82 YEARS

OF CRAFTSMANSHIP AND QUALITY

In 1944, the Sirvent family settled in Vic, Catalonia. There they started their own business after years of learning the art of making nougat in their hometown, Xixona, the birthplace of nougat.

Since then, they have made nougat while carefully overseeing the entire process. They select the finest almonds and honeys, sourced from local producers who offer the highest guarantees and with whom they have had a close relationship for many years.
